

iPad Revision

We have now come to the end of a nine-week course of sessions focusing on becoming more familiar with your iPad. To conclude the sessions for the term, join with one or two other people in this group and take in turns to tell or show the following

WITHIN SETTINGS

1. How to change the wallpaper to your home screen
2. How to Change the text size on an ipad
3. Where to find the amount of available space on your ipad?
4. Where to locate the serial number for your Ipad?
5. The short cut to your Control Centre. Explain what the different options offered in the control centre do.

RESETTING YOUR IPAD

1. Explain how you to use the restart or sleep button on your ipad
2. What/s the process for RESETTING you ipad. When should you use this option?

CAMERA

1. Go to the Camera Application and explain the various options you're this app has on your ipad. Earlier ipad's wont have the same applications as later models
2. Take a photo using you camera application and use an application to send it to someone in your group. ie. Email, message.

PHOTOS

1. Make a slideshow with one of your albums and share with your group.
2. Take a photo and use the crop tool to make it an even better photograph
3. Change the photograph to black and white and save the changes

This class will resume on Tuesday 21 April
